

PRODUCT DATA SHEET

Product Description & Application

Waxity 10W40 API SN/JASO MB is an synthetic bike engine oil enhanced with high quality additives for the latest generation four stroke motorcycles. This high-quality oil helps maintain a cleaner engine and improves efficiency. The low viscosity delivers instant cold starts and enhances fuel efficiency, ensuring optimal performance. It ensures very good protection, high thermal stability, and robust oxidation resistance, keeping the engine running smoothly under all conditions. It gives great wear control to safe guard the motorcycle in various atmospheric conditions and unforgiving applications, protecting the motor in cold climate are up and warm climate conditions.
