

PRODUCT DATA SHEET

Product Description & Application

Waxity MP-3 Grease is a premium quality calcium based multipurpose grease manufactured from superior quality base oils. This grease is fortified with a well-balanced additive chemistry comprising of anti-oxidant, anti-wear and anti-rust additives making it suitable for a wide range of general purpose applications. The grease also provides good resistance to water wash-out. It offers mechanical stability and is suitable for use in applications experiencing moderate temperatures and moderate loads. MP-3 Grease is recommended for lubrication of industrial plain/ roller bearings, electric motor bearings, water pump bearings, conveyors

MP-3 GREASE

Multi Special Calcium Grease

Features & Benefits

- Good thermal and structural stability.
- Possesses high drop point and high oxidation resistance.
- Provides excellent protection against rusting and corrosion .
- Excellent Mechanical Stability provides durable lubricating film, offers excellent protection.

• Typical Characteristics

TEST	METHOD	RESULT
Appearance	-	Light yellow
Soap Type	-	Calcium
Viscosity Of Oil @100°C, cSt	ASTM D 445	18
Viscosity Of Oil @40°C, cSt	ASTM D 445	62
Worked Penetration @25°C	ASTM D 217	237
Drop Point, °C	ASTM D 2265	106
Oxidation Stability, @99°C	ASTM D 942	<5
Copper Stripe Corrosion,	ASTM D 130	Negative
